

MS Service

MS Service	Name <input type="text"/>	Request-ID <input type="text"/> (from OpenIRIS)	Short name <input type="text"/> (max 6 characters)
	BSM-ID <input type="text"/> (e.g. XY001) Your permanent identification in BioSupraMol	Elemental composition <input type="text"/>	
	AG <input type="text"/>		
	Phone 838 - <input type="text"/>	Molecular weight <input type="text"/> g/mol	
	Structure	Fp (Kp/Subl.) (only for EI/APCI) <input type="text"/> °C	
		Feasible solvent(s) <input type="text"/>	
		Desired methods <input type="checkbox"/> EI <input type="checkbox"/> EI (high res) <input type="checkbox"/> ESI <input type="checkbox"/> APCI <input type="checkbox"/> special measurement * (e.g. LC-MS) <input type="checkbox"/> implicitly # * after consultation # please don't use other methods <input type="checkbox"/> <u>sample can be disposed of after measurement</u>	
	Date of delivery <input type="text"/>		
Hazardousness (potential dangers?)	(to be left blank, will be filled by service department) MS-Datei-Nr. Gerät Kommentar		
Comment (labile to acids, bases, air, or moisture? Polarity?)			

Information: https://www.biosupramol.de/en/Betreiber/Betreiberliste_OpenIRIS/supraMS-unit.html
